To the Shareholders

Dear Sir or Madam,

**GRANT OF EQUITY LINE FACILITY TO THE COMPANY
AND
NOTICE OF SPECIAL GENERAL MEETING**

1. INTRODUCTION

Reference is made to the Company's announcements in relation to the Agreement dated 16 November 2010 and 12 January 2011 respectively.

2. THE AGREEMENT

The Company and the Purchaser entered into the Agreement, pursuant to which the Company has been granted the Equity Line Facility.

The Purchaser is managed by Yorkville Advisors, LLC of Jersey City, New Jersey USA ("Yorkville"). Founded in January 2001, Yorkville specializes in providing flexible and cost-effective debt and equity financing to publicly listed companies worldwide. Yorkville

* For identification purposes only

LETTER FROM THE BOARD

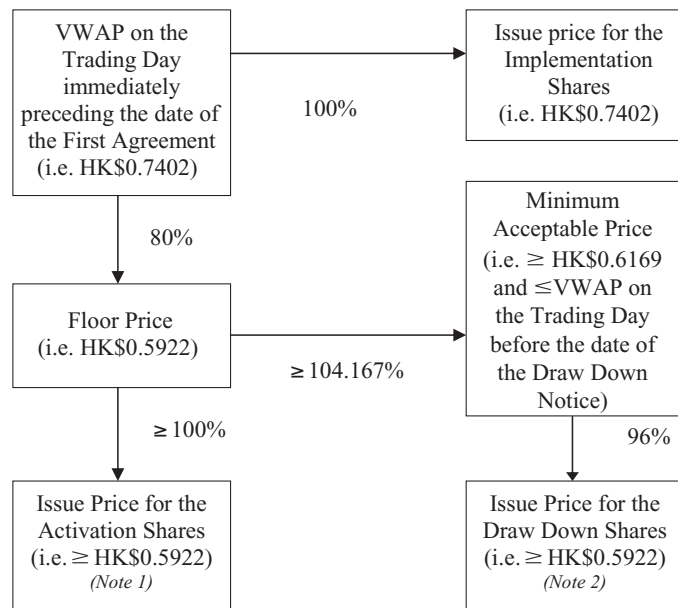

has a broad investment mandate and the flexibility to invest across many geographies as well as sectors, including natural resources, technology media and telecommunication, healthcare, industrials and shipping.

To the best of the knowledge, information and belief of the Directors having made all reasonable enquiry, the Purchaser, its ultimate beneficial owners and Yorkville are third parties independent of the Company and are not connected persons of the Company.

Equity Line Facility

Under the Equity Line Facility, the Company may require the Purchaser to subscribe for the Draw Down Shares for up to the Maximum Investment Amount during the Commitment Period. Each Draw Down Amount will be adjusted so that the number of new Shares to be issued is an integral multiple of 2,000, being the trading board lot of the Shares.

Set out below is a diagram showing how the issue prices for the Draw Down Shares, the Implementation Shares and the Activation Shares are determined:

Notes:

1. The issue price for the Activation Shares is (a) the VWAP on the Trading Day immediately prior to the date on which the Company serves a written notice on the Purchaser of its intended activation of the Equity Line Facility, or (b) the Floor Price, if such VWAP is lower than the Floor Price.
2. The issue price for the Draw Down Shares is 96% of the higher of (i) the Minimum Acceptable Price and (ii) the lowest daily VWAP during the Draw Down Period provided that as regards any Trading Day(s) in the Draw Down Period on which the VWAP is less than the Minimum Acceptable Price or on which trading in the Shares is suspended for any period of time, the VWAP on such Trading Day(s) will be excluded from the calculation of the lowest daily VWAP during the Draw Down Period.

LETTER FROM THE BOARD

3. The issue prices for the Implementation Shares, the Activation Shares and the Draw Down Shares are different as the purposes for the issue of such Shares are different and different reference points are used for their determination. The purposes of the issue of the Implementation Shares and the Activation Shares are to settle the payment of all or part of the Implementation Fee and the Activation Fee. The Implementation Fee represents the fee charged by the Purchaser for agreeing to provide the Equity Line Facility to the Company and the issue price for the Implementation Shares was therefore set at the VWAP on the Trading Day immediately preceding the date of the First Agreement. The Activation Fee represents the fee charged by the Purchaser for the actual utilisation of the Equity Line Facility and the issue price for the Activation Shares will therefore be the VWAP on the Trading Day immediately prior to the date of the Activation Notice unless such price is lower than the Floor Price, in which case, the issue price will be equal to the Floor Price. The issue price of the Draw Down Shares will be determined by the price setting mechanism described in note 2 above with reference to the market price of the Shares at or around the time the relevant Draw Down Notice is issued.

Set out below are the principal terms of the Equity Line Facility:

Commitment Period: Commencing on the date of the First Agreement and expiring upon the earliest of: (i) the fifth anniversary of the date of the First Agreement; (ii) the date on which the Equity Line Facility has been fully utilised by the Company by making Draw Downs up to the Maximum Investment Amount; or (iii) the date on which the Agreement is terminated in accordance with its terms.

Floor Price: HK\$0.5922 per Share, being 80% of the VWAP on the Trading Day immediately preceding the date of the First Agreement (i.e. HK\$0.7402), which represents:

- (i) a discount of approximately 17.75% to the closing price per Share of HK\$0.720 as quoted on the Stock Exchange on 16 November 2010, being the date of the First Agreement;
- (ii) a discount of approximately 21.25% to the average of the closing prices of the Shares as quoted on the Stock Exchange during the 5-Trading Day period ended on 16 November 2010, being HK\$0.752 per Share;
- (iii) a discount of approximately 23.19% to the average of the closing prices of the Shares as quoted on the Stock Exchange during the 10-Trading Day period ended on 16 November 2010, being HK\$0.771 per Share; and

LETTER FROM THE BOARD

- (iv) a discount of approximately 11.61% to the closing price per Share of HK\$0.670 as quoted on the Stock Exchange on the Latest Practicable Date.

The Floor Price was determined after arm's length negotiations between the Company and the Purchaser with reference to the VWAP, which is a measure commonly adopted in the market for determining the market value of listed securities. The Floor Price was set at a discount of 20% to the VWAP on the Trading Day immediately preceding the date when the First Agreement was signed. The 20% discount falls within the range of discount rates adopted in the market in placings of listed shares as reviewed by the Company. On this basis, the Board considers the Floor Price is fair and reasonable.

*Issue Price per Draw
Down Share:*

96% of the amount which is the higher of (i) the Minimum Acceptable Price; and (ii) the lowest daily VWAP during the Draw Down Period provided that as regards any Trading Day(s) in the Draw Down Period on which the VWAP is less than the Minimum Acceptable Price or on which trading in the Shares is suspended for any period of time, the VWAP on such Trading Day(s) will be excluded from the calculation of the lowest daily VWAP during the Draw Down Period.

LETTER FROM THE BOARD

The Minimum Acceptable Price must not be lower than HK\$0.6169, being 104.167% of the Floor Price, and will not be higher than the VWAP on the Trading Day immediately prior to the date of the Draw Down Notice. No Draw Down Notice will be issued if the VWAP on the Trading Day immediately prior to the date of the Draw Down Notice is lower than HK\$0.6169. The Company could nominate the Minimum Acceptable Price and, by serving the Draw Down Notice, set the Draw Down Period for the determination of the amount in (ii) above. The Floor Price of HK\$0.5922 is the lowest price at which the Draw Down Shares may be issued. The Directors will endeavour to obtain the best possible issue prices for the Draw Down Shares by issuing the Draw Down Notice at times when the traded price for the Shares is most favourable. Coupled with the discount of 4% in the price determination mechanism for the Draw Down Shares, the minimum price at which the Draw Down Shares may be issued is approximately equal to the Floor Price. As noted above, the Floor Price represents a discount of 20% to the VWAP on the Trading Day immediately preceding the date of the First Agreement which falls within the range of discount rates adopted in the market in placings of listed shares as reviewed by the Company. On this basis, the Directors consider that the Minimum Acceptable Price and the issue price for the Draw Down Shares are fair and reasonable.

*Number of Draw Down
Shares:*

The Company may request a Draw Down at any time during the Commitment Period by delivering to the Purchaser a Draw Down Notice specifying the Draw Down Amount and the Draw Down Period. The Purchaser will not be required to purchase and the Company will not be under any obligation to issue any Draw Down Shares to the extent that the purchase or issue would require the Purchaser or parties acting in concert with it to make a takeover offer for the Company under the Takeovers Code or any other applicable law.

LETTER FROM THE BOARD

Upon the full utilisation of the Equity Line Facility at HK\$0.5922 per Share, 464,370,000 new Shares will be issued to the Purchaser pursuant to the Equity Line Facility. They represent approximately 44.13% of the existing issued share capital of the Company as at the Latest Practicable Date and approximately 30.62% of the issued share capital of the Company as enlarged by the allotment and issue of the Draw Down Shares.

The Company will apply to the Stock Exchange for the listing of, and permission to deal in, the Draw Down Shares.

Long Stop Date:

The Purchaser may, by notice in writing to the Company, terminate the Purchaser's obligations with respect to a Draw Down Notice if the Purchaser is not satisfied that each of the Company Obligations have been or will be satisfied by the fifth Trading Day immediately following the expiry of the relevant Draw Down Period. The Company Obligations include:

- (a) delivering to the Purchaser a performance certificate under which the Company will have to confirm, among others, that the representations and warranties in the Agreement are true, accurate and not misleading and it has complied with all of its obligations under the Agreement duly signed by an authorised officer of the Company dated the date of closing of the Draw Down;
- (b) delivering the Draw Down Shares;
- (c) providing evidence reasonably satisfactory to the Purchaser of the admission and delivery of the Draw Down Shares (including copies of any documents issued by the Stock Exchange evidencing the admission of the Draw Down Shares); and
- (d) the Directors having resolved to issue the Draw Down Shares.

LETTER FROM THE BOARD

Implementation Fee:

An amount of HK\$750,000, which is due and payable on the third Trading Day immediately following the day on which the Company has obtained both the approval of the Shareholders to the resolution constituting in the Special Mandate and the approval of the Listing Committee of the Stock Exchange of the listing of, and the permission to deal in, the Implementation Shares. The Company may, at its sole and absolute discretion, elect to pay the Implementation Fee to the Purchaser by way of (a) cash, or (b) an issue of new Shares, or (c) any combination of (a) and (b). In the event that the Company elects to pay all or part of the Implementation Fee by the allotment and issue of new Shares, the number of new Shares to be allotted and issued will be determined by dividing that portion of the Implementation Fee by the issue price of the Implementation Shares, which is HK\$0.7402, being the VWAP on the Trading Day immediately prior to the date of the First Agreement. The resulting number will be rounded down so that such number is a multiple of 2,000 and the balance will be settled in cash. The issue price of HK\$0.7402 represents:

- (i) a premium of approximately 2.81% to the closing price per Share of HK\$0.720 as quoted on the Stock Exchange on 16 November 2010, being the date of the First Agreement;
- (ii) a discount of approximately 1.57% to the average of the closing prices of the Shares as quoted on the Stock Exchange during the 5-Trading Day period ended on 16 November 2010, being HK\$0.752 per Share;
- (iii) a discount of approximately 3.99% to the average of the closing prices of the Shares as quoted on the Stock Exchange during the 10-Trading Day period ended on 16 November 2010, being HK\$0.771 per Share; and
- (iv) a premium of approximately 10.48% to the closing price per Share of HK\$0.670 as quoted on the Stock Exchange on the Latest Practicable Date.

LETTER FROM THE BOARD

Given that the issue price of the Implementation Shares is equal to the VWAP on the Trading Day immediately prior to the date of the First Agreement, the Directors consider that the issue price of the Implementation Shares is fair and reasonable.

Based on the full amount of the Implementation Fee (i.e. HK\$750,000) and the issue price of HK\$0.7402 per Share, a total of 1,012,000 new Shares may be allotted and issued, representing approximately 0.10% of the existing issued Shares as at the Latest Practicable Date or approximately 0.10% of the issued share capital of the Company as enlarged by such Implementation Shares.

The Implementation Fee represents 0.27% of the Maximum Investment Amount and is the fee charged by the Purchaser for agreeing to provide the Equity Line Facility to the Company. The Directors consider that the Implementation Fee is comparable to the commission rate for share placing or the management fee for debt financing of similar offer size. On this basis, the Directors consider that the Implementation Fee is fair and reasonable.

The Company will apply to the Stock Exchange for the listing of, and permission to deal in, the Implementation Shares.

LETTER FROM THE BOARD

Activation Fee:

An amount of HK\$2,000,000, which is due and payable on the date on which the Company serves a written notice on the Purchaser of its intended activation of the Equity Line Facility. The Company may, at its sole and absolute discretion, elect to pay the Activation Fee to the Purchaser either by way of (i) cash, (ii) the allotment and issue of new Shares, or (iii) any combination of (i) and (ii). In the event that the Company elects to pay all or part of the Activation Fee by way of the allotment and issue of new Shares, the number of new Shares to be allotted and issued will be determined by dividing that portion of the Activation Fee by the issue price of the Activation Shares, which is the higher of (a) the VWAP on the Trading Day immediately prior to the date on which the Company serves the Activation Notice, or (b) the Floor Price, if such VWAP is lower than the Floor Price. The resulting number will be rounded down so that such number is a multiple of 2,000 and balance will be settled in cash.

Based on the full amount of the Activation Fee (i.e. HK\$2,000,000) and the Floor Price, i.e. HK\$0.5922 per Share, a total of 3,376,000 new Shares may be allotted and issued. They represent approximately 0.32% of the existing issued Shares as at the Latest Practicable Date or approximately 0.32% of the issued share capital of the Company as enlarged by such Activation Shares.

The Activation Fee represents 0.73% of the Maximum Investment Amount and is the fee charged by the Purchaser for making available to the Company the Equity Line Facility. Given the length of the Commitment Period and the size of the Maximum Investment Amount, the Directors consider that the Activation Fee is comparable to the commitment fees that would be charged by commercial banks in lending transactions and is therefore fair and reasonable.

LETTER FROM THE BOARD

The issue price for the Activation Shares is the VWAP on the Trading Day immediately prior to the date of the Activation Notice unless such price is lower than the Floor Price, in which case, the issue price will be equal to the Floor Price. The Company may decide the issue price for the Activation Shares by serving the Activation Notice when the traded price of the Shares is high. The Company intends to issue the Activation Notice when the VWAP on the Trading Day before the Activation Notice is issued is higher than the Floor Price. In the event that the VWAP is lower than the Floor Price at or around the time when the Company intends to issue the Activation Notice, the issue price for the Activation Shares will be the Floor Price if the Company issues the Activation Notice. In both cases, the Activation Shares will not be issued at a discount to the market price of the Shares. The Floor Price of HK\$0.5922 is the lowest price at which the Activation Shares may be issued. The Directors will endeavour to obtain the best possible issue prices for the Activation Shares by issuing the Activation Notice at time when the traded price for the Shares is most favourable. On this basis, the Directors consider that the mechanism for determining the issue price for the Activation Shares is fair and reasonable.

The Company will apply to the Stock Exchange for the listing of, and permission to deal in, the Activation Shares.

Conditions precedent:

The right of the Company to issue the first Draw Down Notice is subject to satisfaction of the following conditions, among others, on or before 5:00 p.m. on 15 February 2011 or such date as may be mutually agreed between the Purchaser and the Company in writing:

- (a) the Company having paid the Implementation Fee, the Activation Fee and all and any other fees and expenses payable to the Purchaser in accordance with the Agreement;

LETTER FROM THE BOARD

- (b) the Company having obtained all necessary authorisations and shareholders' approvals for the execution, delivery and performance by it of the transactions contemplated by the Agreement, including the grant of the Special Mandate by the Shareholders at the SGM and the Listing Committee of the Stock Exchange having granted the listing of, and permission to deal in, the Draw Down Shares to be allotted and issued for the first Draw Down, the Activation Shares and the Implementation Shares; and
- (c) the Company having served a written notice on the Purchaser of the Company's intended activation of the Equity Line Facility.

The right of the Company to serve each Draw Down Notice and the obligation of the Purchaser to effect completion in respect of a Draw Down is subject to, among other things, the following further conditions:

- (i) the conditions precedent to the first Draw Down having been satisfied;
- (ii) each of the representations and warranties made by the Company in the Agreement remaining true in all material respects;
- (iii) no event or circumstances having arisen which would entitle the Purchaser to terminate the Agreement in accordance with its terms;
- (iv) the obtaining of any shareholders' approvals and authorisations necessary for the issue and delivery of the Draw Down Shares and the Listing Committee of the Stock Exchange having granted a listing of, and permission to deal in, the Draw Down Shares;
- (v) no statute, rule, regulation, order, decree, ruling or injunction having been enacted, entered, promulgated or endorsed by any government agency that prohibits or directly and adversely affects any of the transactions contemplated by the Agreement;

LETTER FROM THE BOARD

- (vi) no proceeding having been commenced that will or, to the best knowledge of the Company (having made all reasonable enquiries), may reasonably be expected to have the effect of prohibiting or adversely affecting any of the transactions contemplated by the Agreement;
- (vii) the listing or trading of the Shares not being suspended by the Stock Exchange and the Company not having received any notice threatening the continued listing and/or trading of the Shares on the Stock Exchange, and the Company not (subject to certain exceptions) having any knowledge of any event which might cause the listing and/or trading of the Shares to be suspended, withdrawn or otherwise restricted or terminated during the period from the day on which a Draw Down Notice is served and ending on the closing of the relevant Draw Down;
- (viii) during the period from the day on which a Draw Down Notice is served and ending on the closing of the relevant Draw Down, no event or series of events having occurred which may have a material adverse effect on the Group and its associated companies;
- (ix) all Draw Down Shares from prior Draw Down in respect of which the Purchaser has paid the corresponding net Draw Down Amount having been delivered to the Purchaser and remaining listed on the Stock Exchange; and

LETTER FROM THE BOARD

- (x) the Company not having allotted and issued to the Purchaser, in the period of the 10 Trading Days immediately preceding the date of service of a Draw Down Notice, a number of Shares which exceeds the lower of the numbers of Shares issuable as a result of a Draw Down of the size of (i) 250% of the average daily trading value of the Shares on the Stock Exchange for the 10 consecutive Trading Day period immediately prior to the date of service of the Draw Down Notice; and (ii) the maximum draw down amount, being (a) HK\$5,000,000 for the first Draw Down, (b) HK\$10,000,000 for the second Draw Down, and (c) HK\$20,000,000 in respect of any other Draw Down, subject to adjustment in accordance with the terms of the Agreement.

Draw Down Cancellation: In the event that the Company shall engage in any transaction with any third party which (in the Purchaser's reasonable discretion) has a similar nature and/or structure to the Company as the Equity Line Facility (each, a "**Similar Transaction**") the Purchaser will have the right (but not the obligation) by notice to the Company, to terminate the Purchaser's obligations with respect to any Draw Down requested by the Company during the period in which any Similar Transaction is subsisting unless the Company had entered into the Similar Transaction with the prior written consent of the Purchaser (which consent shall not be unreasonably withheld). For the avoidance of doubt, any placing of equity securities on a non-repeating basis or straight debt facility or non-convertible loan transaction or issue of convertible securities in consideration for any acquisition shall not be a Similar Transaction.

There is no restriction under the Agreement on the Company's ability to conduct any rights issue or open offer or to issue any consideration shares in any proposed acquisition of the Company.

LETTER FROM THE BOARD

3. CHANGES IN THE SHAREHOLDING STRUCTURE OF THE COMPANY

Changes as a result of the Equity Line Facility

Assuming that there is no other change in the shareholding structure of the Company immediately before the Draw Down in full, the shareholding structure of the Company (i) as at the Latest Practicable Date; (ii) immediately after issue of 464,370,000 new Shares to the Purchaser under the Equity Line Facility (assuming that the Maximum Investment Amount will be fully utilised and the Minimum Issue Price is the issue price); and (iii) immediately after issue to the Purchaser under the Equity Line Facility of 464,370,000 new Shares together with 1,012,000 new Shares (assuming that the full amount of the Implementation Fee will be settled by way of allotment and the Implementation Shares will be issued at HK\$0.7402 per Share) and 3,376,000 new Shares (assuming that the full amount of the Activation Fee will be settled by way of allotment and the Activation Shares will be issued at HK\$0.5922 per Share), will be as follows:

Shareholders	As at the Latest Practicable Date		Immediately after issue of the Draw Down Shares to the Purchaser		Immediately after issue of the Draw Down Shares together with the Implementation Shares and the Activation Shares to the Purchaser	
	No. of Shares	%	No. of Shares	%	No. of Shares	%

Note: Zhong Da (BVI) Limited is beneficially owned as to 57.22% by Mr. Xu Lian Guo and as to 42.78% by Mr. Xu Lian Kuan respectively.

Possible Dilutive Effect

The Equity Line Facility is analogous to a standby credit facility to the Company. The Company will draw on it only when it has a funding need. There is a minimum issue price for the Draw Down Shares and the Activation Shares at the Floor Price, i.e. HK\$0.5922 per Share. The Company will only serve the Activation Notice and issue a Draw Down Notice when the Shares are traded at or higher than the Floor Price. As the Company may not set the Minimum Acceptable Price at an amount higher than the VWAP on the Trading Day immediately prior to the date of the Draw Down Notice, the Company expects to set the Minimum Acceptable Price at the VWAP on the date immediately prior to the date of the Draw Down Notice. Therefore, the minimum issue price for each Draw Down Share will be the Minimum Issue Price. If the lowest

LETTER FROM THE BOARD

VWAP during the Draw Down Period is higher than the Minimum Acceptable Price, the Draw Down Shares will be issued at such higher price. Assuming that (i) the Maximum Investment Amount will be fully utilised and the Minimum Issue Price is the issue price resulting in the issue of 464,370,000 Draw Down Shares, and (ii) the issue of 1,012,000 Implementation Shares and 3,376,000 Activation Shares, the shareholding of the existing public Shareholders will be diluted from 72.06% to 49.85%. While the percentage interest of the existing Shareholders in the Company may be diluted by the issue of the Draw Down Shares, the value per Share would be enhanced if the Shares are issued at prices above the then prevailing market price of the Shares. Having considered the terms of the Equity Line Facility (including price-setting mechanism for the Draw Down Shares and the fact that the issue of Draw Down Notices is at the option of the Company, the Directors consider that the potential dilution effect on the shareholding of the existing Shareholders as a result of the issue of the Draw Down Shares is fair and reasonable.

Takeovers Code

The Purchaser will not be required to purchase and the Company will not issue any new Shares with respect to a Draw Down such that such issue will trigger a takeover offer for the Company under the Takeovers Code on the part of the Purchaser or parties acting in concert with it. Based on the issued share capital of the Company as at the Latest Practicable Date, the Purchaser's interest in the Company will be below 30% and will not trigger a general offer under the Takeovers Code if it holds not more than 450,888,000 Shares (the "**Takeovers Threshold**"). Assuming that the Implementation Fee will be settled by the issue of 1,012,000 new Shares and the Activation Fee will be settled by the issue of 3,376,000 new Shares, there will be a buffer of 446,500,000 new Shares under the Equity Line Facility.

Other issues of new Shares

Save for the Agreement, as at the Latest Practicable Date, the Company entered into the following agreements for an issue of up to 537,500,000 new Shares:

- (a) 206.5 million Shares to be issued at the exercise price of HK\$0.59 each (subject to adjustment) to the warrant holders (the "**July Warrant holders**") upon exercise of the rights attaching to the proposed warrants of the Company under the placing agreement dated 8 July 2010, details as disclosed in the announcement of the Company dated 8 July 2010; and
- (b) 174 million Shares to be issued at the conversion price of HK\$1.00 each to Caesar Overseas Enterprise Inc. ("**Caesar**") upon exercise of the conversion rights attaching to the proposed convertible bonds in the sum of HK\$174 million, and 157 million Shares to be issued at the price of HK\$0.85 each to Mr. Cao Qing Shing ("**Mr. Cao**"), credited as fully paid, as consideration shares under the sale and purchase agreement dated 4 November 2010 respectively, details as disclosed in the announcement of the Company dated 4 November 2010.

LETTER FROM THE BOARD

For illustration purpose, set out below is the shareholding structure of the Company based on the existing shareholding as at the Latest Practicable Date and (i) immediately after the issue of 450,880,000 Shares to be held by the Purchaser under the Agreement under the Takeovers Threshold; (ii) immediately after the issue of 174,000,000 Shares to Caesar and 157,000,000 Shares to Mr. Cao; (iii) immediately after the issue of 206,500,000 Shares to the July Warrantheolders; and (iv) immediately after the issue of an aggregate 537,500,000 Shares to the July Warrantheolders, Caesar and Mr. Cao respectively (and assuming that there is no other change in the existing shareholding structure of the Company as at the Latest Practicable Date, and an aggregate of 468,758,000 Shares had been issued to the Purchaser in full under the Agreement for the scenarios (ii), (iii) and (iv) only):

- Caesar is wholly owned by Mr. Xu Lian Guo.

4. REASONS FOR THE EQUITY LINE FACILITY AND USE OF PROCEEDS

The Company treats the Equity Line Facility as a standby credit facility. The facility will only be drawn if there is a funding requirement. The gross proceeds will be HK\$275 million (i.e. the Maximum Investment Amount) and the net proceeds to be raised by the Company will be approximately HK\$269 million. Assuming that the Maximum Investment Amount is fully utilised and the Minimum Issue Price is the issue price, the net price to the Company for each Draw Down Share will be approximately HK\$0.5793. The Company did not have any identified use of the proceeds from the Equity Line Facility as at the Latest Practicable Date. The Company will utilise the Equity Line Facility if (1) there is a funding requirement; and (2) the Company has exhausted its other funding sources with terms that are more favourable than those of the Equity Line Facility; and (3) the Equity Line Facility

LETTER FROM THE BOARD

represents the best funding source available to the Company at the time of Draw Down, after considering factors such as cost of alternative financing and timing of the availability of the funds.

The Directors are of the view that if the Equity Line Facility is drawn, the issue of Draw Down Shares offers a good opportunity to raise equity capital for the Company. The Commitment Period has a term of 5 years. The Group will have flexibility in raising equity by requesting a Draw Down during the Commitment Period by taking advantage of the prevailing market performance of the Shares in the relevant Draw Down Period. The Company has the absolute discretion to decide whether and when to issue a Draw Down Notice. Accordingly, the Directors consider that (i) the entry into the Agreement and the transactions contemplated thereunder including, among others, the Equity Line Facility, are in the interests of the Company and the Shareholders as a whole; and (ii) the terms of the Agreement including, among others, the bases for the determination of the issue prices for the Draw Down Shares, the Implementation Shares and the Activation Shares for reasons stated above are fair and reasonable.

5. FUND-RAISING ACTIVITIES IN THE PAST TWELVE MONTHS

Save as disclosed below, the Company has not conducted any fund-raising activities in the past twelve months immediately prior to the Latest Practicable Date.

Date of announcement	Event	Net Proceeds (approx.)	Intended use of proceeds	Actual use of proceeds
