2. SIGNIFICANT ACCOUNTING POLICIES

The unaudited condensed financial statements have been prepared under the historical cost basis except for available-for-sale financial assets which are measured at fair value. The accounting policies in the condensed financial statements are consistent with those adopted in the preparation of the annual financial statements of the Group for the year ended 30 June 2006 except for as described below:

In the current interim period, the Company has applied, for the first time, a number of new standards, amendments and interpretations (hereinafter collectively referred to as the “new HKFRSs”) issued by the HKICPA, which are effective for accounting periods beginning on or after 1 January 2006 respectively. The application of these new HKFRSs has no material effect on how the results of operations and financial position of the Company are prepared and presented.

The Company has not early applied the following new HKFRSs that have been issued but are not yet effective. The Company has commenced considering the potential impact of these new HKFRSs. The management anticipates the application of these new HKFRSs will have no material impact on how its results of operations and financial position are prepared and presented.

3. FINANCIAL RISK MANAGEMENT

3.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market price risk, credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) *Market price risk*

The Group has equity securities and debt securities which are classified on the consolidated balance sheet as available-for-sale financial assets. These are susceptible to market price risk arising from uncertainties about the future prices of the instruments. The Group's market price risk is managed through diversification of the investment portfolio ratios by exposures.

(b) *Credit risk*

The Group takes on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Impairment provisions are provided for losses that have been incurred by the balance sheet date, if any. The Group is responsible for monitoring the amount of credit exposure to any financial institution.

(c) *Liquidity risk*

The Group invests in both listed and unlisted securities. Those listed securities are considered readily realisable as they are listed in regulated stock exchanges. Those unlisted securities may not be traded in an organized public market and may be illiquid. As a result, the Group may not be able to liquidate quickly its investments in these instruments at an amount close to their fair value in order to meet its liquidity requirements or to respond to specific events such as deterioration in the creditworthiness of any particular issuer. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of credit facilities and the ability to close out market positions.

4. INCOME AND SEGMENT INFORMATION

The Group is principally engaged in the investment in listed and unlisted companies and all the investment decisions are made in Hong Kong SAR. Accordingly, no analysis of business segment is provided. No geographical analysis is presented as none of the Group's turnover, results, assets and liabilities are attributable to markets outside the People's Republic of China (the "PRC") (including Hong Kong).

16. BUSINESS REVIEW

For the six months ended 31 December 2006, the Group reported a loss of approximately HK\$1.67 million (2005 loss: HK\$1.66 million). The loss is mainly attributable to the operating expenses in Hong Kong.

Over the period under review, the general investment environment has improved, but the overall outlook is still uncertain. The economy of the region within which we operate has shown positive signs of recovery, the Group had not made any investments during the period. All the Group's existing investments are all in unlisted equities which are long term and illiquid in nature. For this reason, although the Hong Kong stock market marked a considerable recovery, the Group did not benefit from the stock market rally.

17. PROSPECT

The Group is restructuring and consolidating its investments and tuning its financial position with an objective in minimizing losses which might arise from unsound investments, while strengthening investments with stable revenues.

On 2 November 2005, the Company and an investor entered into the Subscription Agreement, pursuant to which the Company agreed to allot and issue and the Subscriber agreed to subscribe in cash of HK\$8,000,000 for a total of 89,142,857 Subscription Shares which represents the Subscription Price of approximately HK\$0.0897 per Subscription Share. The investor has undertaken to the Company that, upon completion of the Subscription Agreement, an amount of HK\$5 million will be provided to the Company by way of shareholder's loan from the investor. The shareholder's loan shall be unsecured, with a term of three years and interest rate at 4.5% per annum. The Directors believe that the Subscription and the shareholder's loan can solve the financial difficulties of the Company and help the Company in long term development.

18. LIQUIDITY AND FINANCIAL POSITION

As at 31 December 2006, the Group had cash and bank balance of HK\$480,232 (31 December 2005: HK\$607,792). Most of the cash and bank balances were placed in Hong Kong dollar deposits with a bank in Hong Kong SAR.

19. FOREIGN CURRENCY FLUCTUATION

Since the Group mainly uses Hong Kong dollars to carry out its business transactions, the Group believes that foreign exchange risk is minimal. No foreign exchange forward contract was outstanding as at 31 December 2006 (2005: Nil).

Code Provision B.1.1 to B.1.4

26. MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code set out in Appendix 10 of the Listing Rules as the Code of conduct regarding securities transactions by the directors.
