**LO'S ENVIRO- PRO AGM APPROVES BONUS SHARE ISSUE  
TO REWARD SHAREHOLDERS**

\*\*\*

**POISED TO TAP MEDICAL WASTE TREATMENT MARKET IN CHINA  
RIDING ON STRONG GOVERNMENT SUPPORT**

(Hong Kong, 29 August 2007) – Shareholders of Lo's Enviro-Pro Holdings Limited ("Lo's Enviro-Pro" or the "Group") (stock code: 309), a professional medical waste treatment enterprise in China, approved today the Group's proposal for bonus issue as a reward to shareholders.

With shareholders' approval, the Group will issue a bonus share per share held by shareholders whose names appear on the register of members of the Group on the Record Date. The purpose of the bonus issue in place of dividend is to reward shareholders for their long term support to the Group. Prepared to expand at full steam into professional medical waste treatment business in China, the Group intends and looks forward to sharing the fruits of healthy growth with shareholders.

The Group just organised an investor tour to Siping City, Jilin province to visit China's first non-incineration medical waste treatment centre. Participants were given the opportunity to better understand the operation of medical waste treatment business and the Group's competitive advantages in China. Joining the participants were local government officials including Mr. Fusheng Li, Mayor of Siping City, Mr. Yu Dong Feng, Party Secretary of New Tiexi District and Ms. Tao Chunbo, Deputy Director of Environmental Protection, reflecting government recognition of and support to the Group.

**Dr. Lo Kou Hong, Chairman of Lo's Enviro-Pro**, said, "The medical waste treatment centre in Siping City has commenced operation. It is expected to start contributing profit to the Group soon and be deemed as a model for the industry. We will speed up construction of other projects and are confident that works on the remaining seven treatment centres in the first phase of development will gradually commence construction in FY2007/08. These centres will generate strong returns for shareholders."

**About Lo's Enviro-Pro Holdings Limited**

On top of 31 years of experience in cleaning and pest-control services in Hong Kong, Lo's Enviro-Pro Holdings is diversifying into the specialized area of medical waste treatment in China to bask in the country's rising awareness and urgent need for environment protection. The Group adopts a patented steam-sterilization technology from Canada, which is currently the only approved non-incineration technology for treatment of medical waste, to process the fast growing medical waste in China. In 2002, the Group's main subsidiary achieved certification in ISO 9001 Quality Management System, ISO 14001 Environmental Management System, OHSAS 18001 Occupational Health and Safety Management System etc. More details about the Group can also be found at <http://www.losgroup.com/>
